Waratah proposed 316 stainless-steel hardware to avoid corrosion. MCE (Nuno Pinto) confirmed the **specified Häfele hinge in the black matte finish** is retained — the stainless-steel alternative was not adopted because no black finish is available in stainless. Ref: FF&E FIX-10 (numbered FIX-09 at time of RFI-017), Häfele 927.91.833; Location: GP1 Mock-Up Room, entrance & hallway doors.
