

Ælement Fusion - EU / DIN

The Ælement Fusion's small, customizable light ring reader offers a discreet electronic lock for any type of building looking to deploy electronic access control with a stylish, yet technologically-advanced solution. Salto offers a variety of door handles and finishes to complement any door style. The Ælement Fusion EU version is specially designed to fit on DIN standards profile doors.

Features

- Salto's stand-alone, battery powered electronic lock and technology, Salto SVN data-on-card and advanced wireless technology with online, real-time capabilities.
- Eliminates lock hardware on the door by encasing all electronic components and battery pack inside the door itself.
- Clean, minimalistic new round light ring design reader.
- Clear dual colour round ring LED light (green/red) to indicate lock authorisation.
- Mechanical privacy option by a mechanical thumbturn. The user can activate the "do not disturb" function just by operating this thumbturn.
- Special blink and beep indication when lock is in privacy mode.
- Declaration of conformity CE.
- FCC/IC conformity.

Mortise Lock features

- Axe distance 72mm.
- Lock latched deadbolt made of steel.
- Automatic deadbolt projection lock.
- Choice of finishes: satin stainless steel or gold enamelled.
